

# Online course - Advanced Training on Planning for Faecal Sludge Management Implementation

19<sup>th</sup> Jan to 1<sup>st</sup> Feb 2021 | 17:00 - 19:30 IST

Last Date to register : 12<sup>th</sup> Jan (max. 25 participants)

Course fee : 15,000 INR for Indian participants  
300 USD for International participants  
To register : <https://bit.ly/36BW5D0>

Have you wondered where the truck that desludges your house unloads?  
Have you wondered how your town manages its sewage without a STP?  
Is your town facing difficulties in disposing and treating the faecal sludge collected from households?

If your answer to any of the above is YES, then this training is for you. This course is recommended for government officials, consultants and anyone interested to professionally work on improving the FSM situation in a city.

## Our unique online training on FSM Implementation includes:

- ✓ **2.5 hours of live online sessions** through the 9 days where you can interact in real time with team of FSM experts
- ✓ **Case-study based format** will provide you with hands-on experience of professional techniques to plan FSM
- ✓ 60 minutes of **one-on-one consultation** session for each participant (over the course of 9 days)
- ✓ **Lifetime access** to the experts as well as a network of like-minded professionals through an **online community**
