

*We have the pleasure to invite you to
an interactive session on :*

Thinking the Future: Coffee, Forests and People, Conservation and Development in Kodagu

A presentation delivered by a group of students of the Management, Nature and Society ADVANCED MASTER of AgroParisTech University, FRANCE with the College of Forestry, Ponampet (UAS Bangalore) and the French Institute of Pondicherry.

This is the last stage of a 6 weeks field work and research study. The students conducted a strategic social and environmental analysis of the landscape of Kodagu with multiple stakeholders. They identify current trends and dynamics and develop scenarios to explore futures for the ecosystems and human well being.

**On Saturday 19th March at 5:30 pm,
Students wish to share and interact with a panel of eminent scientists and
