

ThinkQuest Competition 2012

Interactive applications

Online games

Websites

Photo essays

Online blogs/journals

Animations

Videos

**Think with us
and you'll be ready.**

This global competition challenges students to solve problems using technology. Participate in 3 exciting events:

ThinkQuest Projects

Students develop a website in ThinkQuest Projects.

Digital Media

Students produce a journal/blog, stand-alone website, photo essay, animation, public service announcement, video, or some combination of these items.

Application Development

Students develop an interactive application or game.

Register today!

Submission Deadline: April 25, 2012
