

International Symposium on Trace Organic Pollutants in the Environment

ORGANIZING COMMITTEE

Chief Patron

Professor. M. Ponnaivaikko

Honourable Vice-Chancellor, Bharathidasan University

Patron

Dr. T. Ramaswamy

Registrar, Bharathidasan University

Chairman

Dr. M. Krishnan

Professor and Head, Dept. of Environmental Biotechnology
Bharathidasan University

Organizing Secretary

Dr. R. Babu Rajendran

Associate Professor, Dept. of Environmental Biotechnology
Bharathidasan University

EXECUTIVE COMMITTEE MEMBERS

Dr. M. Govindaraju

Dr. K. Thamaraiselvi

Dr. T. Siva Sudha

Dr. S. Achiraman

Dr. M. Vasanthi

Dept. of Environmental Biotechnology

Bharathidasan University

Dr. M. Ravichandran

Dr. R. Mohanraj

Dr. N. D. Shrinithiviahshini

Dr. M. Prashanthi Devi

Dept. of Environmental Management

Bharathidasan University

INTERNATIONAL ADVISORY COMMITTEE

Dr. Fukuya Iino, United Nations University, Japan

Mr. Kyoichi Komori, Shimadzu Corporation, Japan

Dr. S. Tanabe, Ehime University, Japan

Dr. H. Tao, NIAIST, Tsukuba, Japan

INVITED SPEAKERS

Dr. Mustafa Ali Mohammed, University of Malaya, Malaysia

Dr. Pham Hung Viet, Vietnam National University, Vietnam

Dr. AN. Subramanian, Ehime University, Japan

Dr. Evangeline C. Santiago, University of the Philippines, Philippines

Dr. JooHong Park, Yonsei University, South Korea

On
23rd January 2010

Organized by

Department of Environmental Biotechnology
(DST—FIST Sponsored)
School of Environmental Sciences
Bharathidasan University
Tiruchirappalli - 620 024, Tamilnadu, India

Sponsored and Supported by

UNITED NATIONS
UNIVERSITY

SHIMADZU

SCOPE OF THE SYMPOSIUM

Anthropogenic chemicals are the prime sources for environmental pollution and the devastating effects of these chemicals spreads from tropics to polar niches. So, the need of the hour is to conserve and improve the health of our environment by formulating and adopting suitable strategies. This symposium makes an effort to address the status of existing and emerging trace organic pollutants in the environment and their monitoring, assessment and remediation strategies for the environmental safety. The symposium forms a podium for environmental scientists, students, professionals, government personnel and NGO's to discuss their findings, ideas, framed laws and suggestions to ban or control/monitor the synthetic chemicals in the biosphere. This symposium is funded by the United Nations University, Japan and Shimadzu Corporation, Japan through the "Environmental Monitoring and Governance in the Asian Coastal Hydrosphere", (Phase V- 2009-2011) research project.

HOST INSTITUTION

Bharathidasan University was established in 1982 in the name of a great revolutionary Tamil poet, BHARATHIDASAN at Tiruchirappalli, the fourth largest city in Tamilnadu state of India. The University has three campuses and has 15 schools, 29 departments, 11 specialized centers and 204 affiliated institutions. The NAAC (National Accreditation Assessment Committee) accredited this university with 'A grade' and ranked as one among the top model universities in India.

Environmental Biotechnology, the organizing department was established in 2002. Apart from teaching, the department is keen in contributing excellent research programs to address the critical issues of environment to have healthy environment for living.

CORE THEME

The symposium will be of invited lectures, oral and poster presentations. The Scientific Programme Committee is particularly seeking contributions of original research in the following areas:

Ecotoxicology of Pesticides, Organometals, PBDEs, PFOS, PPCPs, PCBs, PAHs, Phenolic compounds, Plasticizers, Perchlorates, Dioxins and Furans, and their degradation and remediation studies.

SYMPOSIUM VENUE

The Rockfort city - Tiruchirappalli is in the central part of Tamilnadu state and is well connected by Air, Rail and Road from major cities of India. International passengers can fly straight from Singapore, Kualalumpur, Colombo and Sharjah. The city has a sub-tropical climate with an average maximum temperature of 31.3°C and minimum temperature of 20.6°C during January. Electricity in India is 230 Volts at 50 Hertz.

ABSTRACT SUBMISSION

Abstracts for oral and poster presentations must be no longer than 250 words (excluding title, author (s) and affiliations) and should be of significant unpublished work, and must showcase one of the symposium themes. Abstracts should be submitted in electronic form (preferably Word) as an email attachment to: unusymindia@gmail.com by 30th November 2009. A separate hard copy is also preferred. The acceptance or otherwise will be communicated to the corresponding author within a week after the last date of submission.

Registration: Free

To register please fill in the enclosed registration form or download the form from the University website: <http://www.bdu.ac.in>

Important Dates

Receipt of Abstract on or before
November 30, 2009
Registration on or before
January 15, 2010

Accommodation

Hotels either business or economy class will be arranged as per the participant's request and on receipt of advance payment.

Award

Best poster/ oral papers will be awarded.

FOR CORRESPONDENCE
