24-03-2011	Good Morning Club, Meerut	6:00 am
24-03-2011	CCS University, Meerut	Awareness Meeting 12:00pm to 1:00pm
25-03-2011	Jalalpur Village	10:00 am
		Rally across the city by the students of the university. They will hold placards and posters depicting informative quotes and facts related to water.
		After this a water counter would be developed in the university campus wherein students would fill a form and take pledge to save water in future.
		Awareness meeting with the villages. Local administration would also be invited to participate in the meeting.
		(This village is located on the bank of highly polluted Kali river and is in the clutches of the adverse impacts of the pollution).
26-03-2011	A block, Shastri Nagar	11:00 am to 12:00 pm
		Awareness rally to sensitize community on water conservation.

Apart from this, we have enrolled 10 schools of Meerut in our programme.

An audit will be performed by students to reveal the school's current water use and management. This effective audit will be carried out by a team (eg class, environment club, environment committee subgroup) in each school and involve participation from all sectors of the school community eg teachers, students, ancillary staff and parents.

The results for each school would be analyzed and the top three schools with best current practices would be awarded with a certificate.

Each school, for participating in the water audit, will be presented with a poster on water conservation, pamphlets and a letter of appreciation.
