

## **CONTENTS VOLUME-I**

Message	i – iii
Foreword	iv – v
Preface	
vi	

Executive Summary of Ground Water Resource, Andhra Pradesh	1
Rainfall	1
Rivers of the state vis-à-vis watersheds	1
National code for major river basins of the state	2
Soils and agro-climatic zones	2
Geological and Hydrogeological characteristics	3
Chemical quality	5
Groundwater Estimation Methodology	6
The State level committee for estimation of groundwater	6
Data collection and data base constraints	8
The water level record	9
Groundwater estimates 2007	10
Recommendations for the management of groundwater resource based on the finding of groundwater assessment 2007	20

### **FIGURES**

Fig.1	Geological map of Andhra Pradesh	3
Fig.2	Groundwater Resources of Andhra Pradesh -2007	11
Fig.3	Groundwater utilization wise groups in A.P.	13
Fig.4	District wise stage of development in A.P.	13
Fig.5	No. of watersheds in different categories	14
Fig.6	Average water levels hydrograph of A.P.	16

## **TABLES**

Table-1	Administrative setup of the State	1
Table-2	Members of committee constituted at the state level for estimation of groundwater resource.	7
Table-3	Monitoring net work observation wells and piezometers.	9
Table-4	Groundwater estimation for the State 2007.	10
Table-5	No. of Watersheds in different categories.	14
Table-6	District wise groundwater resources (Recharge) 2007	17
Table-7	District wise groundwater resources and stage of development	18
Table-8	District wise no. of Watersheds in different categories.	19

### **District wise groundwater assessment tables in CGWB formats.**

Srikakulam assessment tables	22
Vizianagaram assessment tables	28
Visakhapatnam assessment tables	34
East Godavari assessment tables	44
West Godavari assessment tables	59
Krishna assessment tables	70
Guntur assessment tables	86
Prakasam assessment tables	103
Nellore assessment tables	118
Chittoor assessment tables	129
Kadapa assessment tables	145
Ananthapur assessment tables	162
Kurnool assessment tables	183
Mahaboobnagar assessment tables	202
Rangareddy assessment tables	217
Medak assessment tables	227
Nizamabad assessment tables	239
Adilabad assessment tables	249
Karimnagar assessment tables	260
Warangal assessment tables	272

Khamam assessment tables	282
Nalgonda assessment tables	295

## **MAPS**

Map showing stage of groundwater development, Srikakulam District.	309
Map showing stage of groundwater development, Vizianagarm District	310
Map showing stage of groundwater development, Visakhanapatan District	311
Map showing stage of groundwater development, East Godavari District	312
Map showing stage of groundwater development, West Godavari District	313
Map showing stage of groundwater development, Krishna District	314
Map showing stage of groundwater development, Guntur District	315
Map showing stage of groundwater development, Prakasam District	316
Map showing stage of groundwater development, Nellore District	317
Map showing stage of groundwater development, Chittoor District	318
Map showing stage of groundwater development, Kadapa District	319
Map showing stage of groundwater development, Ananthapur District	320
Map showing stage of groundwater development, Kurnool District	321
Map showing stage of groundwater development, Mahaboobnagar District	322
Map showing stage of groundwater development, Rangareddy District	323
Map showing stage of groundwater development, Medak District	324
Map showing stage of groundwater development, Nizamabad District	325
Map showing stage of groundwater development, Adilabad District	326
Map showing stage of groundwater development, Karimnagar District	327
Map showing stage of groundwater development, Warangal District	328
Map showing stage of groundwater development, Khammam District	329
Map showing stage of groundwater development, Nalgonda District	330
Map showing stage of groundwater development in Andhra Pradesh	331
