

## **POSITIONS**

ACWADAM is recruiting for the following positions:

1. 1 Scientist: Post-graduate, preferably in geology, with at least 7-8 years experience with a research/academic institution or an NGO. Post-graduates from the disciplines of environmental sciences / engineering, geography or agriculture engineering will also be considered. Salary commensurate with performance in an interview.
2. 2 Researchers: Post-graduate in geology / environmental sciences / geography with 2 years of experience. Fresh post graduates will also be considered and so will graduates in the above disciplines with some experience and aptitude to work on groundwater-related issues.

Both the positions will be contract positions for 3 years, with the possibility of longer-term employment with ACWADAM, subject to performance and project development.

Advanced Center for Water Resources Management (ACWADAM) works on the science of groundwater management in different regions of India. For details on our work and projects, we request you to visit our website: [www.acwadam.org](http://www.acwadam.org)
