January 22, 2011

**To: The Directors of Agriculture/Horticulture/Animal Husbandry & Fisheries / RD/NGOs/
SAUs/ KVKs OF AP/KARNATAKA /MAHARASHTRA/ODISHA/TAMILNADU**

**Sub: ICAR sponsored Training Course on “Livelihood Enhancement through Sustainable Natural
Resource Management in Drylands” from February 17 to March 2, 2011 at CRIDA
Hyderabad–nomination for participation – reg.**

Dear Sir,

You are kindly aware that the natural resources of drylands are stressed and require concerted efforts to arrest further degradation and to maintain productivity. A number of programmes such as IWMP and various technology missions are intended for this purpose. Of late, there is a recognition that the focus of agricultural development programmes should be not only on increasing productivity of crops, but also on enhancing the livelihoods of the rural community through appropriate interventions for inclusive growth. We are therefore organizing the above training programme from **February 17 to March 2, 2011** at this institute to create awareness among the field functionaries about the scope and potential for enhancing livelihood opportunities through sustainable Natural Resource Management.

The total number of participants will **be limited to around 25**. You are therefore requested to kindly send nominations of **one or two** suitable persons at the earliest in the prescribed format (copy enclosed) to **Dr.M.V.Padmanabhan**, Head TOT of this Institute by **February10, 2011**.

Boarding and lodging facilities will be provided free of cost to the selected participants. Besides, TA for to and fro journey on actual basis as per their entitlement restricted to train (AC III tier) /bus fare will be reimbursed by CRIDA **on production of relevant receipt/tickets for to and fro journeys.**

This Institute is located at a distance of 8 and 12 Km from Hyderabad and Secunderabad Railway Stations and 5 km from Mahatma Gandhi Bus station (Imliban) respectively at Santoshnagar, near I.S. Sadan on Nagarjuna Sagar Road, Hyderabad – 500 059.

Looking forward for your early action and co-operation in this regard.

With regards,

Yours sincerely,

(B.VENKATESWARLU)

Encl: as above
