

REGISTRATION FORM

NATIONAL SEMINAR ON
RECENT RESEARCHES IN
EARTH AND ATMOSPHERIC SCIENCES

February 24-26, 2014

Name

Designation

Institution

Contact Address:

Email:

Mobile:

Title of the paper:

Category : Delegate/ Research Scholar/ PG Student

The research paper can be considered for
Presentation / display as poster.

Accommodation required: Yes/ No

Registration details:

DD No. :

Amount :

Date :

Name of Issuing Bank :

Place :

Signature

Organising Committee**Patron**

Prof. Sheo Kumar Pandey
Vice Chancellor
Pt. Ravishankar Shukla University, Raipur

Convener

Prof. S. K. Pande, Head
S.S. in Geology and WRM
Pt. Ravishankar Shukla University, Raipur

Organising Secretary

Dr. Ninad Bodhankar, Professor
S.S. in Geology and WRM
Pt. Ravishankar Shukla University, Raipur

Treasurer

Dr. K. R. Hari, Professor
S.S. in Geology and WRM
Pt. Ravishankar Shukla University, Raipur

Members

Prof. M.W.Y. Khan, S.S. in Geology and WRM
Prof. D.P. Kuity, S.S. in Geology and WRM
Dr. H.D. Diwan, Alumni, S.S. in Geology and WRM
Dr. Sujeet Kumar Sen, Alumni, S.S. in Geology and WRM

Highlights

- Best Paper Award for Research Scholars & Student Participants.
- Travel Assistance to Research Scholars & Students.
- Industry-Academia interaction to understand the happenings of Professional Sector.

RREAS 2014

NATIONAL SEMINAR ON
RECENT RESEARCHES IN
EARTH AND ATMOSPHERIC SCIENCES

February 24-26, 2014

Organized by

**School of Studies in Geology and
Water Resources Management,
Pt. Ravishankar Shukla University
Raipur - 492010**

Introduction

Pt. Ravishankar Shukla University is celebrating 2013-14 as its Golden Jubilee Year. The National Seminar is a part of this celebration.

The tribal dominated Chhattisgarh State has established its identity as a growth center of Power, Cement and Steel industries. In coming years, a wide range of industries are likely to come up in the State due to availability of power, mineral resources, human resources and agriculture.

Bailadila, an iron ore range, situated about 425 km south of Raipur alone; contain 120 million tons of high grade iron ore distributed in 14 deposits. The limestone, which is another major mineral of Chhattisgarh sustains tens of major Cement Industries. These industries have achieved record production successfully on account of presence of good quality cement grade limestone. The State has surplus power. The record power generation is another feather in the cap. Coal deposit of about 2.5 billion tons is the real strength of power generation units.

In addition to minerals, granite rocks occupy large expanses of Chhattisgarh State. Granite in various attractive shades may be used as decorative stone and may prove to be the backbone for Dimension Stone Industries in near future.

Mining and Industries are co-travelers. The impact of these two activities on environment is great. If adequate measures are not taken in time, the environment is likely to be degraded further.

The above issues are hot and needs to be discussed and debated in order to evolve a strategy for mitigation. Latest researches in all these fields will open up the avenues for best management of resources and environment. The proposed symposium is to provide suitable platform to geoscientists, industrialists and environment managers to debate the issues and reach to a viable solution.

Theme of the conference

In this conference researches on burning issues related to mineral exploitation, metal extraction and environment will be highlighted. With exchange of views and knowledge, the future thrust areas of studies in the field of geology will be decided. The main themes of the conference are:

- 1 Petrology and Crustal Evolution
- 2 Mineral Deposits and Exploration
- 3 Structure and Tectonics
- 4 Palaeontology, Stratigraphy, Fuel Geology
- 5 Environmental Impact Assessment
- 6 Geomorphology, Remote Sensing, GIS and Computer Application
- 7 Disaster Management
- 8 Groundwater
- 9 Special sessions may be arranged (if sufficient number of papers are available) on Marine Geology, Agriculture Geology, Medical Geology, Instrumentation, Gemology, Geophysics

Call for Papers

The prospective authors are requested to submit abstract/full papers highlighting the significant findings pertaining to the above themes on A4 size, in MS word, in Arial, font 12 with single line spacing through electronic mail (rreas2014@gmail.com), addressed to Organizing Secretary, on or before Nov 15th 2013. The Abstract Volume will be brought out during the Seminar. The manuscript of the full paper with relevant tables, figures photographs and references may be prepared according to the format of Current Science and submitted along with a soft copy to the Organising Secretary on or before 10th Dec 2013.

Registration Fees

Delegates: Rs 1000/-
Research Scholars: Rs 500/-
PG Students: Rs 250/-

Payment of Registration Fees

Registration Fees may be sent through demand draft in favour of Organising Secretary, National Seminar on 'Recent Researches in Earth and Atmospheric Sciences', School of Studies in Geology and WRM, Pt. Ravishankar Shukla University, Raipur.

About Raipur

Raipur is the capital of Chhattisgarh State. It is situated on Mumbai-Kolkata Railway line (SECR) and is well connected by road and air to Delhi, Mumbai, Hyderabad, Bhubneshwar, Kolkata. The climate of Raipur remains pleasant during February.

Accommodation

Limited accommodation is available in the Guest House of Pt. Ravishankar Shukla University. Accommodation mostly in Hotels will be arranged on prior intimation and advance payment. The hotel tariff may ranges from Rs. 1500 to 3000.

Important Dates

Submission of Registration form: 15th Nov 2013
Submission of Abstracts: 15th Nov 2013
Submission of Full paper: 10th Dec 2013

Second Circular

Final circular confirming the dates, venue, and the programme will be issued only to those who respond to the first circular and have sent duly filled Registration form along with registration fees.
