

Consortium for DEWATS™ Dissemination (CDD) Society

Organisation Profile: The Consortium for DEWATS™ Dissemination (CDD) Society is a non-governmental organisation, initiated as a network in 2002 and registered formally as non-profit society in 2005. The Society aims to promote better environment especially for less privileged, disadvantaged and marginalised groups. Since its inception in 2002, CDD Society has worked on Community Based Sanitation, Citywide Sanitation Planning, Decentralised Solid Waste Management, and Decentralised Wastewater Treatment Systems. CDD has implemented by 400 plus sanitation projects across India and abroad. The Society provides the above mentioned services through direct field implementation and transfer of knowledge to relevant implementation oriented stakeholders.

Job Title: Project Manager

Project: Strengthening and Empowering Urban Local Authorities in the Delivery of Decentralised Sanitation Services

Project Duration: December 2013 to September 2016

Location: Bangalore. Frequent travel to other cities in Himachal Pradesh, Bangalore and Delhi

Reporting to: Coordination and Direction team of CDD

Key Responsibilities: The Project Manager is responsible for the overall planning, implementation, monitoring and reporting of the project under the supervision of the project partners and CDD Society. S/he will manage the technical, human, financial and other resources assigned by the Project and is responsible for creating and nurturing a team of around 5 to 10 members, which includes Senior Project Engineers, Project Engineers, Project Coordinators, Social Specialist, Urban Planners, Documentation Specialist and Support Staff who will successfully implement the Project. The Program Manager will provide excellent technical expertise in engineering of water and sanitation systems, and also demonstrate superior project management and team leadership.

Compensation offer: Commensurate with experience and qualifications. Salary would not be a constraint for the right candidate and would be above the average standard.

Background: Municipal Corporation of Shimla (MCS) Himachal Pradesh, Consortium for DEWATS Dissemination (CDD) Society, Bangalore, and Bremen Overseas Research and Development Association (BORDA), Bremen, Germany have signed contract with European Union (EU) for implementation of the above titled project. The project aims to strengthen the capacity and effectiveness of Municipal Corporation Shimla (MCS) and up-to 4 other Urban Local Bodies (ULBs) in delivering decentralised, integrated sanitation services focusing on un-served settlements and urban poor residing in the targeted cities of Himachal Pradesh

Qualification and experience:

Post graduate degree in management with minimum of 6 years of work experience. Engineering degree (civil, mechanical, electrical and environment) will be preferred. Experience of working with the government and prior experience of managing water and sanitation projects or working with an INGO would also be an added advantage. The key component is capacity building, hence interest and experience in training is must

Mail your CVs along with a cover letter to recruitment.bgl@cddindia.org no later than **November 18th, 2013**. Only shortlisted candidates would be contacted. Please contact Ms. Molly at 080-28486700 for more information.
