

## Consortium for DEWATS™ Dissemination (CDD) Society

### Organisation Profile:

The Consortium for DEWATS™ Dissemination (CDD) Society is a non-governmental organisation, initiated as a network in 2002 and registered formally as non-profit society in 2005. The Society aims to promote better environment especially for less privileged, disadvantaged and marginalised groups. Since its inception in 2002, CDD Society has worked on Community Based Sanitation, Citywide Sanitation Planning, Decentralised Solid Waste Management, and Decentralised Wastewater Treatment Systems. CDD has implemented by 400 plus sanitation projects across India and abroad. The Society provides the above mentioned services through direct field implementation and transfer of knowledge to relevant implementation oriented stakeholders.

**Job Title:** Sr. Project Engineer

**Project:** Strengthening the Operation & Maintenance Sector for Servicing Decentralized Urban Sanitation Infrastructure in Karnataka, India

**Project Duration:** December 2013 to November 2015

**Location:** Bangalore. Requires frequent travel to other cities of Karnataka  
**Reporting to:** Project Manager

**Key Responsibilities:** Under the supervision and direction of the Project Manager, the Senior Project Engineer is responsible for coordinating the project technical activities. This includes assessing specific need for O&M for various decentralized sanitation infrastructure and developing O&M service packages -including preparation of technical manual. He/She shall supervise the work of other project engineers/ field engineers/technical assistants
